

CITYNET

LLOYD'S BROKER

Broker at **LLOYD'S**

Who we are

Citynet is an independent Lloyd's broker specialising in the placement of commercial business into the London market on behalf of UK and Irish insurance intermediaries. Our independence gives us the freedom to trade without restrictions throughout the London market, enabling our team to focus its energy on sourcing innovative solutions to unusual challenges and hard-to-place risks.

Founded in 2000 and achieving Lloyd's accreditation in 2005, Citynet is owned entirely by its working directors. This model allows us to invest robustly in the development of our staff and enables profits to be shared and reinvested into our business. Our approach ensures that we attract the most talented professionals to work for us and creates an environment where all employees have a stake in our success.

We act purely as a wholesale broker, which means that we only deal with other insurance intermediaries. This structure encourages lasting partnerships with other insurance professionals that are based upon trust, transparency, respect and a mutual desire to win and retain clients.

What we do

Citynet is a leading provider of specialist schemes and services to insurance intermediaries throughout the UK and Ireland. Whether through our exclusive schemes or our market-leading services, it is our objective to build a sustainable business that promotes long-term growth over short-term profit.

With an unparalleled level of knowledge, we understand our clients' needs, the pitfalls of UK laws and regulations and the London market in which we operate. This breadth of understanding ensures that Citynet can be relied upon to offer expert guidance and sound advice when trusted with your business.

It is our excellent service, integrity and specialist knowledge that drives our success and stands testament to our approach to business. Moreover, as a major producer of premium into the London market, Citynet is in a strong position to negotiate the very best deals for your clients and offer a genuine alternative to the composite market.

Energy & Offshore Solutions

Energy & Offshore Solutions

We provide a comprehensive service tailored to the individual needs of your energy and offshore clients. Whether individual contractors or large-scale manufacturers to the oil and gas industry, Citynet Energy and Offshore Solutions can assist.

Using the open market or one of our exclusive facilities, we ensure that the programmes we arrange address the deficiencies that can be found in the cover provided by conventional policies.

We understand the complexities of the contractual and environmental obligations to which your clients are subject, and our programmes are always designed with these in mind. Our specialist team of experts are committed to providing exceptional service and advice to help you secure and retain clients.

What do we do?

We arrange all types of insurances for businesses involved in energy and offshore work, including but not limited to:

- Primary and Excess Property and Business Interruption
- Primary and Excess Employers, Public and Products Liability
- Contractors All Risks

Who is it for?

We target small to medium sized businesses and can consider all types of trades, including but not limited to:

- Specialist drill contractors
- Rope access work
- On and offshore oil and gas contractors
- Offshore piling and construction
- Commercial divers and subsea engineers
- On and offshore energy producers including all types of renewables and biomass
- Drone manufacturers and operators
- Worldwide exposures including USA and Canada

□ We understand the complexities of the contractual and environmental obligations to which your clients are subject, and our programmes are always designed with these in mind. □

Specialty Solutions

Specialty Solutions

We provide solutions to a comprehensive range of specialty risks. Our team understands the complexities of unusual classes of business and are well placed to guide you through the pitfalls and help you to bridge the gaps in cover that occur in conventional policies.

We work closely with you to ensure that we fully understand each exposure. When we are confident that we have understood all of the details, we work with underwriters to develop a solution that is bespoke to your clients' needs.

It is our excellent reputation and expert knowledge that enables us to negotiate the best possible coverage and terms for your clients.

What do we do?

We arrange all types of Specialty Insurance for UK domiciled businesses including but not limited to:

- Product Recall
- Accidental and Malicious Contamination
- Financial Loss
- Product Guarantee
- Environmental Impairment Liability
- Stand-alone Terrorism including Primary and Excess Employers and Public Liability

Who is it for?

We can assist with property owners, heavy industry, engineering and all technically complex trades, including but not limited to:

- Foundries
- Wholesale and distribution
- Automotive parts manufacturers
- Food and drink
- General manufacturing
- General and precision engineers

□ *Our team understands the complexities of unusual classes of business, and is well placed to guide you through the pitfalls and help you to bridge the gaps in cover that occur in conventional policies.* □

CITYNET

LLOYD'S BROKER

Facilities Solutions

Facilities Solutions

We are a market leader in the placement and management of binding authorities and trade-specific facilities into the Lloyd's and London markets on behalf of brokers and MGAs throughout the UK.

Citynet Facilities Solutions are experts in developing and servicing profitable delegated authority programmes for our clients. Our extensive market relationships and our position as a major producer of premium into the London Market enable us to source the best possible deals from a broad range of insurers.

Our broking, technical and claims teams pay close attention to detail and are experienced in providing smooth and efficient processes that make us a valuable partner in any tri-party arrangement.

What do we do?

We arrange all types of binding authorities for UK intermediaries, including but not limited to:

- New Ventures
- Property
- Commercial Combined
- Liability
- Online Platforms

Who is it for?

- Brokers
- Intermediaries
- Managed General Agents

Testimonials

We ended a 15 year relationship with our previous Lloyd's broker by appointing Citynet. Since their appointment, Citynet have replaced markets, renegotiated remuneration and undertaken a thorough review of our wordings. I have been impressed by their straightforward, transparent approach and their exceptional service standards.

Having worked with the team at Citynet for over 10 years, I would not hesitate to recommend their services. Throughout the time that we have dealt with them they have always worked hard to ensure that our business is well looked after. We find their approach to be modern but traditional and their team friendly and professional.

Our extensive market relationships and our position as a major producer of premium into the London Market enable us to source the best possible deals from a broad range of insurers.
